   - 6 The question(s) “Marked for Review” will not be considered for evaluation. Hence, no marks will be allocated for the same.
   - 7 The Marked for Review status for a question simply indicates that you would like to look at that question again.
4. You can click on the “+” arrow which appears to the left of question palette to collapse the question palette thereby maximizing the question window. To view the question palette again, you can click on the “-” arrow or double-click on that question.
(I) Procedure for answering questions that require inputs from on-screen virtual keyboard (numeric or otherwise):

(a) Candidate will have to use the on-screen virtual keyboard (that would be displayed just below the question statement of these types of questions) and the attached computer mouse to enter his/her answer in the space provided for answer.

The answer can be changed, if required, anytime during the test. To save the answer, the candidate MUST click on the "Save & Next" button.

(a) To mark the question for review (without answering it), click on the "Mark for Review & Next" button.

(b) Candidate will have the option to change previously saved answer of any question, anytime during the entire duration of the test. To change the answer to a question that has already been answered, first select the corresponding question from the Question Palette, then click on “Clear Response” to clear the previously entered answer and subsequently follow the procedure for answering that type of question.
